

Block of the Month – May 2009

Priscilla Star

12" x 12"

This star is sewn in four 6 inch units using the foundation piecing technique.

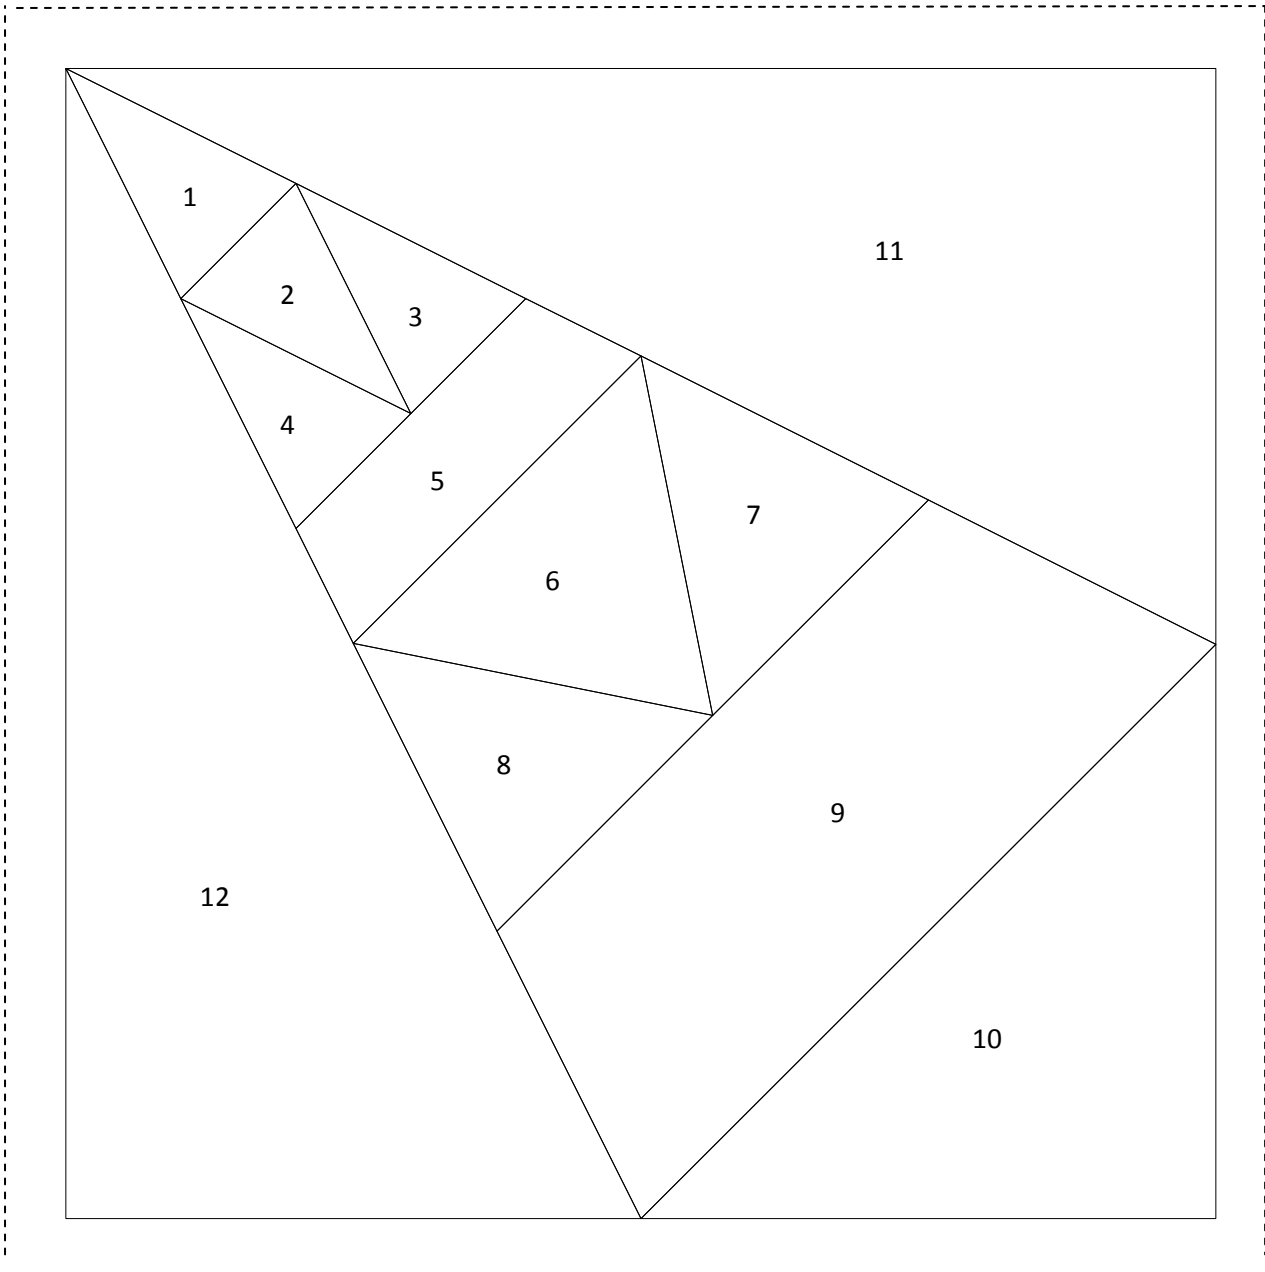

Use two different background fabrics and a selection of coloured fabrics for this block.

Sewing Instructions:

1. Transfer the pattern 4 times onto a removable foundation (e.g. Stitch & Tear).
Remember to add a ¼" seam allowance all the way around each unit.
2. Construct 4 identical units using the foundation piecing technique.
3. Press well. Do not remove the foundation paper.
4. Sew 2 units together, pressing the seam to one side. Repeat for other two units. Sew the pairs together to complete the block, remembering to 'lock' the centre seam together to give a neat finish.
5. Remove the foundation paper only when the quilt top has been completely pieced.

Priscilla Star Foundation Template

Do not forget to draw the $\frac{1}{4}$ inch seam allowance around each unit!

NB: This block should measure 6 inches square. Before using, please check that your printed has not altered the dimensions.
